FALL

1927

We offer one of the
Largest and Most Com-
plete Lines of General
Nursery Stock in the
United States.

Send us your list
of wants, we can often
quote lower than our
published rates....

TO THE TRADE

In issuing our 37th annual Fall trade list, I wish to personally thank our many customers for their confidence and patronage in the past, and hope to merit your continued patronage in the future.

We have by untiring efforts, built one of the largest and most complete wholesale nurseries in the United States. Our facilities are unsurpassed, and we have a very capable organization.

We cultivate a large acreage of land at Shenandoah, and have expert propagators and experienced nurserymen, many of them having been in our employ for twenty years or more. We have twenty acres of overhead irrigation especially for growing Perennials and more choice varieties of Ornamentals.

Our superior storage facilities enable us to handle and ship stock through the winter months until late in the spring. All orders are given careful, personal supervision and handled and packed under cover. Car lots loaded on our side track, inside our main storage building when weather is unfavorable.

In addition to our plant at Shenandoah, we have established branch plants in various sections of the United States where best quality of stock can be grown. We also have connections with the best growers of French Fruit Tree Stocks in France, and are in position to furnish the trade with the best quality of French grown Fruit Tree Stocks, also we are large growers of American Stocks.

We urgently request correspondence and orders from new customers, being confident that you will be pleased with our methods of doing business. "Quality and Service" is our motto.

TERMS AND CONDITIONS

PRICES—The prices named in this list are based upon present market conditions, and are subject to change without notice, and are limited to Fall, 1927. These are trade prices and are for quantities. Long lists of trees or plants of a few of a variety will be billed at 10% to 25% higher according to quantity. All orders should be made for 10's or multiples of 10 of a variety; 50 of 10 of a variety at 100 rate; 300 in lots of 10 or multiples of 10 at 1000 rate.

All prices are net, boxing or baling extra, f. o. b. cars here in bulk car lot.

SHIPPING—Please give shipping directions, whether by freight or express, also route. If no directions are given we will forward to the best of our judgment, without assuming responsibility, as **All Goods Travel at the Purchaser's Risk and Expense.**

TERMS—Cash or satisfactory security, except we extend the usual terms of credit, to known, responsible nurserymen. Orders to be sent C. O. D. should be accompanied by one-fourth cash to receive prompt attention.

CAUTION—We accept all orders on the condition that they shall be void should injury befall our stock from frost, hail, fire or other causes over which we have no control.

GUARANTEE OF GENUINENESS—If any nursery stock, etc., proves untrue to description under which it is sold, we hold ourselves in readiness, on proper proof, to replace all such nursery stock, etc., that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

CLAIMS—We express or imply no warranty as to productiveness or life of the nursery stock we sell. No claims for errors or discounts allowed unless made within ten days after receipt of goods.

HEIGHT AND CALIPER—Height given of fruit trees is approximate and represents average height of most varieties. Slow growing kinds will fall short of height specified as it is intended that THE CALIPER SHALL GOVERN.

FRUIT TREE STOCKS—AMERICAN GROWN

APPLE SEEDLINGS—The season has been favorable for the growth of our Seedlings and we have the promise of an excellent lot of strong vigorous stocks that have been thoroughly sprayed throughout the growing season. They will not to be dug until November when well ripened and will be graded to our usual high standard. We can guarantee them to give satisfaction.

We have both Kansas and Washington grown Apple Seedlings and can furnish seedlings grown from either Native or Imported French Crab Seed.

Whenever possible we forward shipments in car lots to central distributing points, often making quite a saving in freight rates.

FRUIT TREE STOCKS—IMPORTED—FRENCH GROWN

Our imported French Stocks come direct from the best growers. Unless otherwise agreed prices are net and for shipment from Shenandoah. All stocks are carefully examined by Government Inspector and are carefully regraded on arrival. By our method of handling customers can depend on getting stocks of best quality without the risk of importing direct.

To customers located in the Eastern States we will be pleased to quote prices for stocks for direct shipment from New York City, our paying duties, freight and all other charges to New York.

ROOT GRAFTS

Ever since the Mount Arbor Nurseries were established in 1875, growing Apple Seedlings, Apple Trees, and making Apple Grafts for the trade and our own planting has been one of our specialties. For this work we employ only skilled labor and select the best material. We use orchard scions as far as possible and vigorous, healthy seedlings, carefully selected when grading our blocks of seedlings.

Our piece root grafts are made with a six inch scion and three and one-half inch root, the same style that we make largely for our own planting. For whole root grafts we use the entire seedling, either a straight or branched root as the customer may select.

Any Style Grafts Made to Order

Prices quoted are for 100 and multiples of 100 of a variety.

	Per 100	Per 1000

DECIDUOUS TREES

Our Shade and Ornamental trees are first-class, well-shaped, young and vigorous nursery grown trees, with good roots. They have been grown from seedlings transplanted in nursery row especially for this purpose.

All calipers taken six inches above the collar.

Our Climbing Roses are strong, well furnished plants.

Write for special prices on quantity lots.

PERENNIAL AND HARDY ALPINE PLANTS

Our Perennials need no introduction to many nurserymen in the Middle West, but you nurserymen that have never handled Perennials in quantity need have no fear when buying from us. This is not an experimental proposition with us. We are pioneers in the Perennial business, know how to grow these plants, dig and pack them. We are very particular from whom we buy our seed and stock plants and go to the best seed and plantsmen in Europe for our supply when necessary.

We consider PROPER PACKING a big factor in success or failure of Perennials. We have one of the largest box factories in the United States making boxes according to our specifications, and by using plenty of packing fiber made for this purpose we can safely guarantee plants to arrive in first class condition.

We earnestly solicit your business on Perennials. We are sure a trial order will make you a regular customer.

Varieties * indicates adaptability for rock plants.

Color indicates bloom; Month, period of blooming season. (") Inches high when in bloom. (') Feet high when in bloom.

***ACHILLEA, Milfoil or Yarrow**

PAPAVER (Poppy)**Oriente, Oriental Poppy, June, 2'**

Oriental Poppies are best planted in August and September, for spring planting is not certain. Our plants have branched roots and are much easier to transplant than if they had just a single tap root.

Hybrids, crimson scarlet with black spot on base of petal... 1.50 12.00

Princess Victoria Louise, shell-pink..... 1.80 15.00

Royal Scarlet, deep scarlet..... 1.50 12.00

PACHYSANDRA, Japanese Spurge

Terminalis, trailing plant used to cover shady places, broad mats of bright glossy green foliage, 6" to 8".....

1.20 10.00

PENTSTEMON, Beard Tongue

Barbatus Torreyi, bright scarlet flowers borne on spikes, June, August, 3'.....

1.20 10.00
